NO PRO TENNIS EVENT THIS YEAR.**

Dear Tennis Community,

What a year of GTACS Tennis!! There have been so many great accomplishments this year, it is impossible to list them all. However, watching over 400 people participate, in some way, at our school's first hosted regional event at

our new tennis complex was amazing. This tennis complex is the culmination of many people's dedication and commitment to our program, but especially Scott Sodini who has guided their design and construction. The main site for our 9th annual tennis fundraiser will finally move to our new home as well.

Over 25% of all GTACS students are participating in a tennis program offered by our school, and the numbers continue to grow.

We have decided to forgo the pro-tennis event this year, and focus more on the fun match play, that players of all ages seem to enjoy. This fundraiser provides a portion of the funding for our ongoing tennis operations, facilities and free summer tennis programs.

Rather than banners, we are placing a beautiful donor recognition wall on our new building, which will permanently display contributors to our program and this fundraiser.

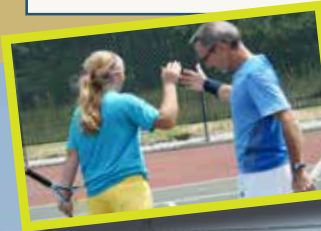

I am looking forward to another great year of tennis for GTACS.

*Thanks for joining me for this exciting event!*
