## Saint Elizabeth Ann Seton

6<sup>th</sup>-8<sup>th</sup>: After five snow days, instructors may anticipate future snow days by sending work home to be completed if there is a snow day and returned for credit the next school day.

## Saint Francis

**All Courses** (other than AP): After five snow days (on the sixth day) students will be expected to complete any homework provided by their instructors. This is work that extends and continues the regular classroom lessons. On the sixth snow day, any work assigned by the instructors will be posted to Moodle, RenWeb, or e-mail by 11am.

**AP Courses**: Because of the rigid nature of the AP curriculum and the predetermined AP test schedule, AP instructors may give homework as deemed necessary starting on the first snow day.
