

November 9, 2020

Dear GTACS faculty, staff, and families,

Earlier today, we were notified of a positive case of COVID-19 within our school community. The Health Department has reviewed our information and determined that there were **no close contacts** as a result of this case. Thanks be to God.

Please continue to follow our Schools' COVID protocols and, as always, self-monitor for symptoms.

Cathy Nelson  
Director of Marketing & Communications
