

On Sunday, November 22, we learned that a student at St. Francis High School and a student at St. Elizabeth Ann Seton Middle School have tested positive for COVID-19.

We are moving forward under the guidance of the Health Department and taking measures to protect the well-being of our students and staff. If there are any close contacts as a result of this exposure, those individuals will be notified by phone or email. If you/your student is not a close contact, you will not hear from anyone. As always, please monitor for symptoms related to COVID-19 including fever, cough, difficulty breathing, headache, or new fatigue.

For those families seeking guidance about family gatherings or holiday travel, the Health Department offers these resources: [Holidays](#) and [Travel](#).
