## RIGHT FROM THE START

Preschool is when many of the foundational habits and behaviors are formed. Naturally, you want to entrust them to the best possible care, in the best possible learning environment. Choosing Catholic education will have benefits throughout your child's life.

Grounded in prayer, our Catholic preschool places Jesus' love at the center of your child's everyday experiences. With their classmates and on their own, they learn to turn to God throughout the day, in moments of peace, quiet, happiness, anger, or anything else.

During these early years, your child will make connections and build skills they will need for the rest of their life. While forming friendships with God, teachers, and their fellow classmates, they will receive the best possible guidance and care in a safe, secure, nurturing environment.

*"Let the children come to me, and do not hinder them, for to such belongs the kingdom of God." – Luke 18:16*
