

GTACS ATHLETICS

We are very proud of our athletic traditions and successes as well as the recognition from the State for student athletes' academic excellence. Students who participate must keep in mind that they are representing not only themselves, but their school, their community, their church, their parents and their team.

For additional information, please contact the Athletic Department Office at (231) 946-1180.

For eligibility guidelines, please refer to the Student Handbook available on the school website at www.gtacs.org.

Beginning with the 2023/24 school year, GTACS will require all athletes participating in school-sponsored sports (grade 6-12) to have a FinalForms account. Please visit the Athletics page on our website for information on how to register.

Each athlete is required to have a current physical (completed on or after April 15 of the prior school year) on file with the Athletics Department before the first practice of the sport in which they are participating. This form can be completed through FinalForms or uploaded to the athlete's account. If the athlete does not have a valid physical on file, they will not be allowed to participate in any practices and/or games.
