

# SUMMER READING

## SUMMER READING

Summer reading is required of all students in grades 9-12 and is used as a starting point for discussion and writing in classes.

If a link is posted, simply download the resource from this site. If there is no link, you should look for a copy of the book which should be readily available at used book stores, through the GTACS Uniform and Book Facebook group, or from students in the grades ahead of your student.

## St. Francis High School, 2026/27 School Year
